

# Muhammad Huzaifa Yaqoob

Software Engineer

Shahdara Town, Lahore,

Punjab, Pakistan

0317 0422046

**muhammadhuzaifayaqoob3**

**@gmail.com**

## PROFILE

Final year IT student with a strong foundation in full-stack web development using the MERN stack. Skilled in building dynamic, user-friendly web applications with a focus on efficiency and responsiveness. Seeking a junior web developer position to apply my skills and contribute to a forward-thinking company.

## EDUCATION

**Govt Islamia Graduate College Civil Lines, Lahore — BS-IT**

October 2020 - December 2024

Pursuing a Bachelor's in Information Technology with hands-on experience in full-stack development using the MERN stack.

## FINAL YEAR PROJECT

**Smart Business Directory — (MERN + Django)**

Developed a business directory application using the MERN stack and Django. It provides personalized business recommendations based on user questions, features an AI-powered chatbot for real-time queries, and includes categorized listings for seamless navigation.

## OTHER PROJECTS

**Inspirisia Website Frontend — (MERN)**

Developed the frontend of the website, replicating the design from Figma. Focused on responsiveness, performance, and component structure for a seamless user experience.

**Portfolio Website — (Next.js)**

Built a personal portfolio website, based on Figma design. Implemented modern website practice like server-side rendering and static site generation for optimal performance.
