Profile

Highly motivated and detail-oriented MERN Stack developer specializing in Next.js with a strong foundation in full-stack web development. Experienced in designing and implementing responsive, scalable, and user-centric web applications using React, Node.js, Express, and MongoDB. Adept at leading teams and managing projects, with a passion for innovation and continuous learning.

Education

Bachelor of Science, Information Technology
Government Islamia Graduate College Civil Lines, Lahore
Graduation Date: December 2024 — **CGPA:** 2.92

Projects

FYP - Smart Business Directory (MERN Stack)

- Led a team to develop a business directory application as part of the final year project.
- Designed and implemented the website using the MERN stack (MongoDB, Express, React, Node.js).
- Focused on creating responsive and user-friendly interfaces, ensuring scalability and performance.
- Collaborated with team members on integrating AI and Django components but focused on MERN stack development and design.

Portfolio Website (Next.js)

- Developed a personal portfolio website based on a Figma design.
- Utilized Next.js features like server-side rendering and static site generation for optimal performance.

Inspirisa (React + Vite)

- Built the frontend of a website, replicating a design from Figma.
- Focused on responsive layouts, component-based architecture, and a seamless user experience.

IT Portfolio (HTML + CSS + Tailwind CSS)

- Designed a pixel-perfect static web page based on a Figma design.
- Ensured full responsiveness and visual consistency across devices.

Technical Skills

- **Web Development:** HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, Node.js, Express.js, RESTful API development
- **Database Management:** MongoDB, Mongoose, SQL, CRUD operations
- **Version Control and Deployment:** Git, GitHub, Vercel
- **Tools and Others:** Figma, JSON, API Integration

Soft Skills

- Leadership and Team Management
- Problem Solving
- Communication and Collaboration
- Time Management
