Projects

FYP - Smart Business Directory (MERN + Django)

- Built a personalized business directory application using the MERN stack and Django.
- Integrated AI-powered chatbot for real-time user queries and business recommendations.
- Included categorized listings for seamless navigation.

Portfolio Website (Next.js)

- Developed a personal portfolio website from a Figma design.
- Used server-side rendering and static site generation for enhanced performance.

Inspirisa (React + Vite)

- Created the frontend of a website replicating a Figma design.
- Focused on responsiveness, component structure, and optimal user experience.

IT Portfolio (HTML + CSS + Tailwind CSS)

- Designed a pixel-perfect static web page from a Figma design.
- Ensured responsiveness and precise implementation.

Soft Skills

- Problem Solving
- Communication and Collaboration
- Time Management
